CAREER OBJECTIVE

An enthusiastic Full Stack Web Developer proficient in Laravel, PHP, MySQL, and JavaScript. Looking to secure a position in a growing tech company where I can apply my skills and contribute to web development projects.

CAREER SUMMARY

- Full-Stack Development: Practical experience in building web applications using PHP, Laravel framework, and core JavaScript.
- Frontend Design: Proficient in creating responsive user interfaces with HTML5, CSS3 (Flexbox/Grid), Vue.js, and React.js.
- Backend Architecture: Strong grasp of Object-Oriented Programming (OOP), MVC architecture, Blade templating, and MySQL database management.
- CMS Customization: Skilled in configuring and customizing WordPress themes and plugins for custom requirements.
- Tools & Integration: Experienced in RESTful API integration, version control with Git/GitHub, and basic cPanel web hosting management.
- Practical Experience: Successfully delivered 5+ hands-on web applications during diploma training under the IsDB-BISEW IT Scholarship program.
- Collaboration & Learning: Good problem-solving mindset with a quick learning curve and effective team communication skills.
- Delivered 5+ website and software projects during diploma training, demonstrating strong practical and programming skills.

PROFESSIONAL EXPERIENCE

Software Engineer - Assistant Programmer

Base Software Ltd. | Jun 2026 – Present

- Application Development: Build, maintain, and upgrade dynamic web applications, translating project requirements into clean, scalable code.
- Database Management: Manage MySQL databases, write optimized queries, and ensure data integrity across application modules.
- Debugging & QA: Troubleshoot, test, and resolve technical bugs to ensure high application reliability and smooth user experience.
- System Maintenance: Perform routine website maintenance, perform cPanel updates, and oversee deployment workflows.
- Requirement Analysis & Documentation: Collaborate with senior team members to understand business needs and maintain comprehensive technical documentation.

TECHNICAL SKILLS

Front End	HTML CSS JavaScript Bootstrap
Back End	Laravel PHP
